Director's Corner

It looks like the summer months are going to be warm! I hope everyone will be able to have a fun, cool summer. Looking forward to a fun-filled month of July!
HAVE A HAPPY 4TH OF JULY!

Love,
Ms. Mary

Teacher's Corner

Outdoor time continues to be so much fun for all ages. This is such a very important part of each day. Some of the favorite outdoor activities were collecting sticks and rocks, and looking for snails. All age groups also enjoy looking at our garden, and get so excited when they see new flowers bloom!

During the summer, we continue with a structured day which provides lots of hands on experiences. Our children also have many opportunities throughout each day to choose what they would like to do. It is always fun to see what the children come up with.

Happy 4th of July!

We wish everyone a fun,
safe 4th of July Holiday!

Remember Kids Junction is
closed on Wednesday,
the 4th of July.

Themes of the Month

- Stars & Stripes
- Tropical Paradise
- Disney
- Sea Creatures

Throughout the summer months we will continue our review of numbers, colors, shapes, and uppercase and lowercase letters.

Some books of the month:

- ❖ We're Going to the Beach
- ❖ Chicka, Chicka Boom Boom
- ❖ Chick, Chicka 1, 2, 3
- ❖ Mister Seahorse
- ❖ Fish is Fish
- ❖ 1 fish, 2 fish, red fish, blue fish
- ❖ Follow the Leader
- ❖ Seashore
- ❖ Commotion in the Ocean

Friday, July 13th Tropical Day!

To go along with our tropical theme, wear bright colors or anything with flowers.

Health Corner

Illness: Please make sure to let Ms. Mary or Ms. Jackie know if your child/children have been ill over the weekend or at anytime. If your child has a fever, diarrhea, vomiting or any contagious illness please keep them home until fever free for 24 hours without the aid of fever reducing medication (such as Tylenol or Motrin). This helps to keep the illnesses down to a minimum.

Thank You! ☺

Welcome Aboard!

A big welcome to Landon, Lilly, Rae, Gavin, and Stephanie and their families We are so excited to have you in the Kids Junction family.

Congratulations!

Congratulations to the McQuade family on the birth of their baby boy, Eli!

Congratulations to Ms. Sally on the birth of her baby girl, Yurita!

Congratulations to Ms. Mary on the birth of her new granddaughter, Claire!

Did You Know...

As a result of their exploration and participation in simple investigations through play, children can demonstrate their understanding of & ability to use scientific inquiry. They develop an understanding of properties, position & motion of objects in the environment as well as exploring the properties of earth materials, objects in the sky, and changes on the earth or in the sky. While playing, children develop an understanding that people use science to explore the world and answer questions. At Kids Junction, we provide many play-based science learning opportunities for all of our age groups.

Happy Birthday!

Ms. Joan- July 7th
Kyrie - July 30th
